

## **The Seven-Branch Offering** (from the Konchok Chidu Sadhana)

OM AH HUNG.

Within the vast expanse of non-duality, I prostrate to the three kāyas—the nature of all phenomena.

I offer with unfabricated equanimity, free from all extremes.

I openly confess not realizing my own mind to be the Buddha.

I rejoice in the natural state, the state of pure awareness.

Please turn the wheel of the Dharma of all-pervading, unattached enjoyment.

I pray that you remain in the inseparable nature of saṃsāra and nirvāṇa.

I dedicate to the great spontaneously present dharmadhātu.

May the perfect bliss of the all-pervasive innate unity be gained!
